**Arizona Air National Guard**  
Headquarters 161<sup>st</sup> Air Refueling Wing  
Phoenix Arizona

This application workbook contains information regarding your application for Undergraduate Pilot Training with the Arizona Air National Guard in Phoenix. It contains the eligibility and application requirements. It also includes all of the important information that you will need to be considered for an interview.

The 161<sup>st</sup> Air Refueling Wing is located on the south side of Phoenix Sky Harbor International Airport. Our primary mission is in-flight refueling. The unit is comprised of one flying squadron, the 197<sup>th</sup> ARS flying the KC-135R aircraft. The unit employs about 900 Traditional Guardsmen and about 300 full-time personnel.

We routinely fly 2-4 local sorties daily and 1-2 aircraft are deployed stateside or overseas at any given time. In peacetime the 161<sup>st</sup> ARW is assigned to the State of Arizona serving the Governor as our Commander in Chief. If the unit is federally activated for any reason, our Commander in Chief is the President of the United States.

If selected for a pilot position, your obligation to the Air National Guard will be 10 years of service upon completion of training. You will be required to fly at least 4 sorties per month, attend 1 drill weekend each month and be available for off base deployments each quarter.

The Wing convenes a selection board once each year and will normally select two primary candidates and two alternates. Once we receive your application package, it will remain on file for consideration for one year. If we receive updated information such as resume changes, the file will be kept for an additional year from when the update is received. **Selection as an alternate does not guarantee future selection for a training slot. If you are not selected as a primary candidate, you will have to compete with all other applicants again on future selection boards.**

Questions regarding the application process may be directed to pilots in the Operations Group.

# **ARIZONA AIR NATIONAL GUARD UNDERGRADUATE PILOT TRAINING APPLICATION WORKBOOK**

This workbook describes the application process for individuals interested in becoming a pilot in the Arizona Air National Guard. Individuals must meet the requirements established by the United States Air Force and those of the Arizona Air National Guard.

## **ELIGIBILITY**

**AGE:** Candidates must be in pilot training prior to their 33<sup>rd</sup> birthday. Age waiver will be evaluated on a case by case basis up to 35 years of age.

**EDUCATION:** A bachelor's degree from an accredited four-year college or university is required. **If you are enrolled in your final semester at the time of the interview, your application will be considered.**

**PCSM score:** The Air Force has developed a composite scoring system to help select candidates who have aptitude for completing the flight training programs. This system is called PCSM. The PCSM score takes input from various factors, including education, flying hours, the AFOQT, and a hand-eye coordination test called the TBAS. The PCSM and TBAS information can be found at the following web site <http://access.afpc.af.mil>.

**AFOQT:** The Air Force Officers Qualification Test is mandatory prior to your application being considered. This test takes approximately 4 hours and may be scheduled through the Luke AFB Base Education Center. If you do not reside in Arizona, call a local Air Force recruiter to schedule this test. Minimum Scores required are:

**VERBAL:** 15

**QUANTITATIVE:** 10

**PILOT:** 25

**NAVIGATOR:** 10

**TOTAL:** 50 (the minimum required score when adding pilot and navigator totals)

These scores are minimum scores required to pass the AFOQT test. The scores of this test are a factor in the interview process. It is strongly recommended that you prepare for this test. You will find study material at most bookstores and libraries that carry SAT preparatory material.

**TBAS TESTING:** The Basic Attribute Test is an eye-hand coordination test usually done at an Active Duty Air Force Base or a ROTC location. The TBAS test is mandatory prior to your application being considered. Your AFOQT test needs to be completed two weeks prior to taking the TBAS test.

*These tests (AFOQT, and TBAS) can be self-scheduled in your local area. In the Phoenix area, contact the testing center at Luke AFB, DSN 896-2253, commercial 623-856-2253, email [patricia.dew@us.af.mil](mailto:patricia.dew@us.af.mil). The tests are administered at Luke AFB Base Education Center, DSN 896-7722 or commercial 623-856-7722. If you do not reside in Arizona, call a local Air Force recruiter or Base Education Center to schedule these tests.*

**PHYSICAL:** All pilot applicants must be in excellent physical and psychological health. You must include in your application the Medical Prescreening Form, which is provided in this workbook. Minimum vision requirements are 20/70 corrected to 20/20 with no exception. You must have full hearing in both ears and meet height and weight standards.

**MORAL STANDARD:** This section involves criminal history. A local application is included in this workbook. Any law violations, including juvenile offenses and traffic violations must be documented on this application. Law violations do not necessarily disqualify an individual, **but non-disclosure of any offense is disqualifying**. If selected, a federal background check will be initiated as part of the security clearance requirement.

**APPLICATION PACKAGE:** This workbook includes the items that are mandatory in your application package. **A package will only be considered for an interview if it is complete.** For any required item that is not included, you must attach a letter of explanation. All packages will be kept on file for 1 year.

**Important dates:**

- 1) 15 May - Deadline for Application and
- 2) 17 May - Interview Announcements
- 3) 01 June - Meet & Greet
- 4) 02 June - Interview Board

# PILOT APPLICATION PACKAGE REQUIREMENTS

## MANDATORY

1. **Cover Letter (Addressed to: 161ARW Undergraduate Pilot Training Board)**
2. **Resume**
3. **AFOQT Test Results**
4. **PCSM results (<http://access.afpc.af.mil>) This is a combined score of AFOQT, TBAS and Flying hours.**
5. **College Transcripts (Official Transcripts will be required upon request)**
6. **Local Application (Contained in this workbook)**
7. **Medical 2807 Form (Contained in this workbook)**
8. **3 Letters of Recommendation**
9. **If you are prior Military Service, you must include your discharge paperwork and/or most recent evaluation report.**
10. **If you have flight experience, a copy of your licenses and the last page of your logbook.**

**NOTE:** It is not mandatory, but it is desirable to have at least a civilian private pilot license. Please provide copies of any pertinent flying qualifications that you have.

**The importance of a completed package cannot be overstated**, however, do not include additional extraneous information. The Selection Board will only review the items listed above during the selection process. Your completed package will be graded for quality and presentation. Mail or hand-carry a hard copy of your complete package to the 161<sup>st</sup> ARW / Operations at the following address:

**161<sup>st</sup> Air Refueling Wing**  
Operations Group Attn: Capt KJ Irwin,  
3200 East Old Tower Rd.  
Phoenix, AZ 85034-7263

**The most important thing is to ensure we received your application. It is your responsibility to ensure that our office received your applications. If you give us your e-mail we will send you a message indicating that we have received your application and are reviewing it.**

*As you understand, the UPT selection process is competitive and an application itself does not guarantee an interview.* We realize the application process is time consuming, and we do our best to honor highly qualified candidates with interviews. Good luck and we wish success for all applicants.

**For questions call 602-302-9030, (DSN) 853-9030, or e-mail to: [161ARWpilot hiring@gmail.com](mailto:161ARWpilot hiring@gmail.com)**

**Questions can be addressed to:  
Captain Kenneth "KJ" Irwin**

# INTERVIEWS

Interviews will be conducted when allocations for Pilot Training class dates are received by the 161<sup>st</sup> ARW. Normally, we will interview 10-12 candidates per class slot. Generally the 161<sup>st</sup> is allocated 1 to 4 class slots each fiscal year. The interview process is as follows:

- All Pilot Packages will be read and considered by a selection team comprised of at least 5 pilots. This team will submit 10-12 packages to the Operations Group Commander with requests for interviews.
- The Operations Group Commander will convene a board of officers to review the applications, records, and interview each applicant. The board will be charged to evaluate each applicant's suitability to be commissioned as an officer in the United States Air Force and Air National Guard.
- Applicants will be rated by point values based on military experience, aviation experience, professionalism, local ties, military scores, college background, application quality, communication skills and your answers to a number of questions. The board will also be directed to eliminate any applicant who they conclude to be not suited for commissioning for flight training.

## SELECTION PROCESS

The applicants with the highest point ratings will have their applications forwarded through command channels for review and approval. Final approval rests with the US Air Force. To follow is the selection process:

### IF SELECTED AS A PILOT CANDIDATE OR ALTERNATE

- The applicant will be required to take and pass an Air Force Flying Physical administered at Wright Patterson AFB, OH
- Applicant will be required to complete and submit a Top Secret Security Clearance Survey.
- Non-Prior Service candidates will be enlisted into the unit until graduation from Total Force Officer Training (TFOT) as a Second Lieutenant.
- The applicant with the highest point rating will receive the first school position allocated to the unit. The unit may also be offered an additional class assignment on short notice due to cancellations by other units.

**Please note:** The amount of coordination and paperwork required for a candidate can be very demanding. You must be prepared for no-notice trips to the 161<sup>st</sup> to sign paperwork, provide copies of documents, testing etc. Generally the approval process takes 6-9 months, possibly longer. The approval process will go through the chain of command starting with the 161<sup>st</sup> Air Refueling Wing followed by the AZ State Headquarters, Air National Guard Headquarters, and United States Air Force Headquarters. Patience and flexibility will come in handy. **All trips to the 161<sup>st</sup> ARW to complete the application/selection process will be at the candidate's expense.**

# PILOT TRAINING PROGRAM

If you are selected as a Pilot Candidate, you will be required to complete the mandatory initial training that will require approximately 1 to 2 years to complete. Acceptance of this commitment should not be taken lightly. Successful completion of this training program requires dedication, long hours and strong support from your family. Your family should be fully aware of and prepared for this demanding period. Feel free to make an appointment for you and your spouse (if applicable) to talk with someone at the unit about the pilot training program. The following is a breakdown of this training.

**IFT:** Initial Flight Training is required if you do not have your Private Pilots License. You will be required to complete an Air Force flight screening course in Pueblo, CO before going to AMS.  
4 Weeks

**Medical Flight Screening:** This is a physical evaluation at Wright-Patterson Air Force Base.  
4 Days

**TFOT (Total Force Officer Training):** Officer Training School.  
8 Weeks

**UPT (Undergraduate Pilot Training):** Initial Flight School including academic preparation and training in the T-6 and T-1 aircraft.  
52 Weeks

**Water Survival Training:** Fairchild Air Force Base, Spokane, Washington.  
5 Days

**Combat Survival Training:** Fairchild Air Force Base, Spokane, Washington.  
17 Days

**Pilot Initial Qualification Training:** KC-135 CCTS, Altus Air Force Base, Altus, Oklahoma  
~20 Weeks

## NOTES

All of the above training will be paid training. Families are not permitted to accompany you to TFOT. Therefore, any family members that join you will do so at their own expense.

Training is conducted in several locations throughout the nation, and is subject to change. You will be informed of locations should you be selected.

Completion of the above training program currently carries a 10-year obligation with the Air National Guard.

It is highly preferred that you reside or plan to live within 50-100 miles of the base in Phoenix upon returning from training.

## INSTRUCTIONS FOR COMPLETING DD FORM 2807-2, ACCESSIONS MEDICAL PRESCREEN REPORT

1. This form is to be completed by each individual who requires medical processing in accordance with Department of Defense Instruction (DODI) 6130.03, "Physical Standards for Appointment, Enlistment, or Induction" and DODI 1304.02, "Accession Processing Data Collection Forms." This form must be completed by the applicant with the assistance of the recruiter, parent(s), or guardian, as needed.
2. Replaces the existing medical prescreen form (DD Form 2807-2, AUG 2011). Additional questions have been added to improve its usefulness to the accessions medical pre-screening process. The questions are intended to provide the U.S. Military Entrance Processing Command (USMEPCOM) with health history information necessary to identify conditions commonly related to medical causes for separation during basic and follow-on training (per P.L. 105-85, Div. A, Title V, S 532).
3. Use of medical history information facilitates efficient, timely, and accurate medical processing of individuals applying for Service in the United States Armed Forces or United States Coast Guard. Positive responses do not automatically result in disqualification but are necessary to prompt further explanation that will be used to determine medical qualification. Medical history information assists USMEPCOM medical personnel in the medical prescreening of applicants. Accurate responses to all questions are critical and all positive responses must be fully explained. Applicant responses to questions may be verified using electronically obtained medical history by the USMEPCOM. Medical history information will be used by the Department of Defense for continuity of care purposes if and when an applicant accesses into the Armed Forces or Coast Guard. Supporting medical information in the form of historical medical records may also be attached to the Service member's medical record. Medical history information collected by the USMEPCOM during accession medical processing will serve as the foundation for a Service member's lifecycle medical treatment record.
4. The completed DD Form 2807-2 along with all substantiating and supporting medical documents must be delivered to USMEPCOM for review prior to scheduling the applicant for medical examination. All documents must be submitted for review in accordance with standards below. After review, the MEPS will notify the Recruiting Service of the applicant's status.
  - 1 processing day prior for applicants with no positive medical history (all items marked "NO" with the exception of items 9 (glasses/contacts), 11 (defective color vision), and 20 (braces) which can be "YES").
  - 2 processing days prior; for applicants with ANY positive medical history (other than those noted above) and 5 OR LESS single-sided pages of supporting medical documents.
  - 3 processing days prior; for applicants with ANY positive medical history (other than those noted above) and MORE THAN 5 single-sided pages of supporting medical documents.Secure electronic submission is preferable; if not feasible bring/mail to the nearest Military Entrance Processing Station (MEPS) which can be found at <http://www.mepcom.army.mil/battalions/index.html>. All supporting medical documentation must be present with the DD Form 2807-2 to meet the above timeframes for review. After review by a USMEPCOM provider, appropriate processing notification will be made.
5. If an applicant has been seen by any health care provider (HCP) and/or has been hospitalized for any reason, medical records/documentation must be obtained and submitted along with a medical release to USMEPCOM. Provide all medical documents via secure electronic submission (if possible) to the nearest MEPS. If hand-carried or mailed ensure they are sealed in an envelope marked: "CONFIDENTIAL: MEPS MEDICAL DEPARTMENT"
  - a. If the applicant was evaluated and/or treated on an out-patient basis, obtain a copy of actual treatment records of the private medical doctor/healthcare provider including:
    - (1) office or clinic assessment and progress notes, including the initial assessment documents, subsequent evaluation and treatment documents, and record of date when released from care to full, unrestricted activity;
    - (2) emergency room (ER) report(s);
    - (3) study reports (e.g. x-ray, magnetic resonance imaging (MRI), Computerized Tomography (CT), etc.);
    - (4) procedure reports (e.g., arthroscopy, electroencephalogram (EEG; brain wave test), echocardiogram (ultrasound of the heart), etc.);
    - (5) pathology reports (e.g., tissue specimens sent to lab for microscopic diagnosis, abnormal PAP smear cytology, etc.);
    - (6) specialty consultation records (e.g., neurologist, cardiologist, OB/GYN, gastroenterologist, orthopedic surgeon, pulmonologist, allergist, etc.).
  - b. If the applicant was hospitalized, obtain a copy of the inpatient hospital record, to include (if any): ER report, admission history and physical, study reports, procedure reports, operative report (example: surgery to bone or joint), pathology report, specialty consultation reports, and discharge summary.
  - c. If an applicant has been diagnosed or treated for any attention disorder (Attention Deficit Disorder (ADD), Attention Deficit Hyperactivity Disorder (ADHD), etc.), academic skills or perceptual defect, or had an Individualized Education Plan or 504 Plan, call/contact the MEPS medical department for additional instructions.
  - d. Obtain any and all documents relating to any evaluation, treatment or consultation with a psychiatrist, psychologist counselor, or therapist, on an inpatient or out-patient basis for any reason, including but not limited to counseling or treatment for adjustment or mood disorder, family or marriage problems, depression, treatment or rehabilitation for alcohol, drug, or substance abuse.
6. MEPS Chief Medical Officers (CMOs) may locally modify the above instructions and instruct recruiters on what supporting medical documents they require to complete the DD Form 2807-2 medical prescreen review, if doing so enhances the efficiency of medical processing and is consistent with DODI 6130.03 and USMEPCOM guidance.
7. If all attempts to obtain required substantiating and supporting medical documents fail, the recruiter must contact the MEPS medical department for guidance prior to submitting an incomplete medical prescreen packet.

**SECTION V - APPLICANT VALIDATION, AUTHORIZATION AND SIGNATURE**

**STOP AND READ: THE FOLLOWING STATEMENTS APPLY TO SIGNATURES IN SECTION V (BELOW)**

**I (we) , the undersigned:**

Certify the information on this form is true and complete to the best of my knowledge and belief, and no person has advised me to conceal or falsify any information about my physical and mental history.

Authorize and understand that a physical examination is part of the accession evaluation, may require several visits to the Military Entrance Processing Station (MEPS), and that I will have blood work and/or other medical tests, procedures and/or specialty consultations performed as part of my processing. I understand that the results of the examination, tests, and consults will be reviewed and considered as part of my application file and are not performed as part of an individual healthcare treatment plan. The MEPS medical staff are not my healthcare providers. If I do not receive notice of an abnormal test or consult, I am not to assume that the results are normal. Furthermore, if any test or consult results are abnormal, I am responsible for obtaining those results from the MEPS and for any necessary follow-up evaluations and/or treatment. If I am notified to return to the MEPS to discuss medical results, it is my responsibility to take quick action to return to the MEPS to speak with the Chief Medical Officer (CMO). Any concerns that I have about my health and healthcare are my responsibility to address with my personal healthcare provider(s).

Understand that I must provide required documentation regarding my health history which, upon my accession, will become part of my Service member lifecycle medical treatment record.

Authorize the Department of Defense (DoD) to request holders of medical/behavioral health data (including but not limited to healthcare providers, clinics, hospitals, insurance companies, pharmacy benefit managers, pharmacies, health information exchanges, and federal and state agencies) to release to the DoD medical authority a complete transcript of my health data for purposes of processing my application for Military Service. I also authorize holders of my health data to report to the DoD whether any data they hold or have held about me has been amended or restricted. I agree that all personal information or data disclosed by myself or others on my behalf with my consent during this process may be further disseminated as needed during the accession process and that my medical information is no longer protected by federal Health Insurance Portability and Accountability Act (HIPAA) Privacy Rules.

Authorize release of records and information relating to grades, performance, individual education plans, and disciplinary proceedings. Under the Family Educational Rights and Privacy Act (FERPA) USMEPCOM is authorized to receive all my education/disciplinary records for evaluation of my acceptability for Service in the Armed Forces.

Understand that I have the right to refuse to sign this authorization but also understand that failure to do so may cause me to be found disqualified for further processing.

Understand this authorization will expire two years from the date of the signature below or sooner if written request is received by USMEPCOM Staff Judge Advocate's Office. I have the right to revoke this authorization in writing, except to the extent that the DoD has acted in reliance on this information.
